

Universität Zürich

## Three-City Geometric PDE Seminar

Freiburg - Tübingen - Zürich

December 9, 2008

14:30 - 15:30 **Peter Topping** (University of Warwick)

*Ricci solitons on space-time*

15:45 - 16:45 **Claudio Arezzo** (University of Parma)

*A moment construction for the Kähler Ricci flow*

The lectures take place in **lecture room Y27H35** of the Mathematical Institute of the University of Zürich, Winterthurerstrasse 190.

After the lectures there is the possibility of attending the Zürich Kolloquium Lecture of Simon Brendle, which starts at 17.15 and takes place in the main building of the University, Rämistrasse 71.

The social dinner is after the Kolloquium.

**Organizers:** C.De Lellis (UNI Zürich)    T.Ilmanen (ETH Zürich)  
E.Kuwert (Freiburg)    T.Riviere (ETH Zürich)  
R.Schätzle (Tübingen)    M.Struwe (ETH Zürich)

For further information please contact:

Camillo De Lellis, Y27K22
